Zintronic B4

The Zintronic B4 IP PoE camera is perfect for surveillance systems. High image quality is provided by the GC2083 sensor with a resolution of 4 megapixels and a lens with a focal length of 3.6 mm, which allows a wide viewing angle of 85°. The whole device is enclosed in a small IP66-rated housing.

Our camera, thanks to its compact size, is an excellent choice where you want minimal visibility. The B4 is equipped with modern infrared LEDs, which allow monitoring the area at night at a distance of up to 30 meters. In addition, the 8x zoom function (digital zoom), combined with 4 MP resolution, guarantees high quality of the recorded image.

SPECIFICATION:

Camera type:	Bullet IP PoE
Processor:	FH8852
Sensor:	GC2083
Resolution:	4 MPx - 2560x1440
Frame rate:	25
Lens:	3.6mm (viewing angle 85°)
Night illumination:	Infrared, distance up to 30 meters
Wired connection:	10/100 Base-T
SD card:	No
NVR compatibility:	Via ONVIF protocol
Built-in speaker:	No
Built-in microphone:	Yes
Alarm events:	Motion detection, character detection
Alarm connection:	Saving to e-mail, FTP server
Alarm notifications:	From the app, per email
Reset button:	No
Dedicated app:	BitVision, IVMS320
Housing:	Plastic, IP66
Power supply:	DC12V/1A, PoE 802.11 af
Dimensions:	175mm x 108mm x 78mm
Weight:	190g
Additional features:	Mask of privacy
