## Zintronics K5

The K5 Wifi camera in a dome housing is a discrete and attractive solution for indoor use. It will fit perfectly into any room whether it is an office, shop or room in a flat. It has a small, modern casing and is suitable for indoor installation and 24-hour surveillance.

The K5 is equipped with state-of-the-art infrared LEDs for monitoring an area at night at a distance of up to 20 m. An external micro SD card input allows direct recording without the need for a NVR.

Excellent image quality is guaranteed by a branded 1/2.7" T31X sensor with a resolution of 5 megapixels and a 2.8mm lens allowing a wide viewing angle of 109°.

### SPECIFICATION:

Camera type:	Dome IP WIFI
Processor:	T31
Image sensor:	SC5238
Resolution:	5 MPx -2560x1920
Frame rate:	20
Lens:	3.6mm (view angle 85°)
Night illumination:	Infrared/White, distance to 20 metro
Wired connection:	10/100 Base-T
Wireless connection:	IEEE802.11b/g/n
Access point function:	Yes
Memory card support:	Yes (to 128GB)
Horizontal/vertical rotation:	None
NVR compatibility:	VIA ONVIF protocol
Built-in speaker:	Yes
Built-in microphone:	Yes
Alarm events:	Motion detection, Character detection
Alarm association:	Saving to e-mail, FTP server, Siren
Alarm notifications:	From the application, per email
Reset button:	On the cable
Dedicated app:	CamHipro, HiP2P
Housing:	Metal
Power supply:	DC12V/1A
Dimensions:	105mm x 80mm x 120mm
Weight:	423g
Additional features:	Black film
