

Zintroniconic

Zintroniconic K8 Dark

The K8 DARK WiFi camera offers an 8MP PTZ camera enclosed in a discreet dome housing. It is ideal for indoor installation where discreet surveillance is needed. The camera offers both WiFi and PoE operation.

It supports up to 8MP resolution at 20 frames per second for high quality images. The high quality branded SONY IMX415 sensor guarantees the highest quality of the displayed image, resulting in clear colour saturated images. The infrared LEDs installed in the K8 WiFi camera allow full viewing even in night conditions.

Thanks to the latest generation of infrared LEDs, the camera is able to illuminate the monitored area at a distance of up to 40 metres, providing excellent visibility even in total darkness. Thanks to the camera's rotatability, it provides a wide range of monitoring. It is therefore a comprehensive indoor monitoring solution that is perfect for a variety of usage scenarios.

 8 MEGAPIXELS	 OBJECTIVE 2.8mm	 INFRARED 30 M	 METAL HOUSING	 COMPRESSION H265

SPECIFICATION:

Camera type:	Dome IP WiFi
Processor:	SSC338Q
Image sensor:	Sony IMX415
Resolution:	8 MPx -3840x2160
Frame rate:	20
Lens:	2.8mm (view angle 109°)
Night illumination:	Infrared/White, distance to 30 meters
Wired connection:	10/100 Base-T
Wireless connection:	IEEE802.11b/g/n
Access point function:	Yes
Memory card support:	Yes (to 128GB)
Horizontal/vertical rotation:	Rotation angle 350°/90°
NVR compatibility:	via ONVIF protocol
Built-in speaker:	Yes
Built-in microphone:	Yes
Alarm events:	Motion detection, Character detection
Alarm association:	Saving to e-mail, FTP server
Alarm notifications:	From the application, per email
Reset button:	On the cable
Dedicated app:	CamHipro, HiP2P
Housing:	Metal
Power supply:	DC12V/1A
Dimensions:	140mm x 130mm x 300mm
Weight:	640g
Additional features:	Character tracking, WDR
